Blessings to the members of Christian Orthodox Professionals' Forum especially the Mobile Application Developers of the Diocese of Madras

Greetings to you in the name of Our Lord Jesus Christ

We are living in a fast paced world where Technology plays a pivotal role in the lives of human beings and its influence is felt in almost all spheres of human life. The arrival of smartphones has resulted in a sweeping change in the way things are managed by the young and old alike. People like to have all information on their finger tips and the thirst for newer things is unceasing.

The faithful of Our Church especially in the Diaspora have always voiced their opinion on the need for an "App" that comprises of all the details regarding the Church its History, Liturgy, Faith etc. The mobile application christened as "TMOSC" is an answer to this and We are sure that this application caters to most of the needs of Our faithful. This application is primarily developed for the Android platform and in course of time will be extended to others as well. The application was blessed by H.H Moran Mar Baselios Marthoma Paulose-II, Catholicos of the East and Malankara Metropolitan on the 8th of February, 2015 at Chennai.

We are extremely proud to say that this endeavour was conceptualised and developed by the Christian Orthodox Professionals' Forum which consists of dynamic and very talented professionals who are the children of this Church. We exhort all Our faithful to make the optimum utilisation of this application and spread the word to others.

May God Bless You All

Dr. Yuhanon Mar Diascoros Metropolitan  
10<sup>th</sup> April 2015, from Madras Orthodox Bishop's House.
